ICE FISHING ACCESS POLICY

Ice Fishing Access on Lake Sakakawea – Licensed, Motorized Vehicles must use existing authorized public roads for entering and leaving ice fishing access areas. If conditions do not allow immediate access onto the ice from the road or ramp, vehicles are permitted to travel along the frozen shoreline within 100 feet of the edge of the ice for a distance not to exceed ¼ mile either direction of the access point. Some public roads often drift closed with snow and will not be plowed open. In these instances, operating a motor vehicle off-road to obtain access is not allowed.

Access areas include:

The following main and low water boat ramps and ¼ mile either direction of the boat ramp if feasible: American Legion, Beaver Bay, Beulah Bay, Camp of the Cross, Charging Eagle Bay, Dakota Waters Resort, Deepwater Creek, Deepwater Creek (Game and Fish ramp), Douglas Creek, Douglas Creek (Ziegler's), Fort Stevenson State Park, Four Bears Park, Garrison Creek Cabin Site, Government Bay, Hazen Bay, Indian Hills, Lewis & Clark State Park, Little Beaver Bay, Little Field Bay, Lunds Landing (Whitetail

Bay), McKenzie Bay, Parshall Bay, Pouch Point, Reunion Bay, Sanish Bay (Aftem), Skunk Creek, Sportsmen's Centennial Park, Steinke Bay, Tobacco Garden, Van Hook, White Earth Bay, Wolf Creek Recreation Area and Wolf Creek (east ramp).

All existing shoreline access areas: Beaver Bay, Beulah Bay, Charging Eagle, Deadman's Bay (west Wolf Creek), Deepwater Creek (low water ramp area), Government Bay, Fish & Camp Court, Four Bears, Hale Marina, Indian Hills, Little Beaver Bay, McKenzie Bay, Pebble Beach, Renner Bay, Reunion Bay, Sanish Bay (Aftem), Skunk Creek Recreation Area, Tobacco Garden, Twin Buttes and White Earth. Other access areas: Antelope Creek, Hofflund Bay, Little Egypt, below Mac Nelson's Place, Reunion Bay (east access), between Long Creek and Chris Creek Cabin Sites, Sakakawea State Park (access road east end of Sakakawea Estates Cabin Area), Sakakawea State Park (Fishing Point), Snake Creek Pumping Plant (existing north access road) and (Wolf Creek (Site 84).

Three access areas will be open after January 6th: DeTrobriand Bay (south of Garrison Golf Course), Old Highway 83 North Shore, Old Highway 83 South Shore (use old highway 83 to access) and Deepwater Creek WMA (west portion southwest of Foote's).

Effective dates – From that period Lake Sakakawea is frozen until April 1, 2008 (or thaw, whichever occurs first).

Traveling on the ice on any lake is always hazardous and requires caution and common sense. The Corps of Engineers does not encourage nor recommend driving on the ice at any time. Thin ice or open water may exist near springs and pressure ridges throughout the winter.

Please note the following prohibitions:

PROHIBITED – Operating motorized vehicles in a negligent manner. This includes, but is not limited to, operating the vehicle in a manner other than transportation directly to and from the lake. Driving away from the shoreline except on authorized public access roads creates unauthorized trails and adversely impacts wildlife habitat and cultural resources.

PROHIBITED – collecting, destroying, altering and/or removing vegetation, cultural or other natural resources. Except a natural object to mark a spear fishing hole required by state law.

PROHIBITED - unattended property (other than ice/fish houses that have the required information on them as required by North Dakota Game & Fish, i.e. name and address or phone #.

Questions concerning this policy should be directed to Linda Phelps, Park Ranger at 701-654-7411, ext 246.
